

BRIER CREEK INTEGRATED  
PAIN & SPINE

Due to the global pandemic COVID-19 Brier Creek Integrated Pain & Spine, PLLC (BCIPS) has implemented the following for all locations and office visits:

\*\*\*All BCIPS office locations are operating daily from 8 a.m. to 3:30 p.m. Monday through Friday \*\*\*

1. ALL patients & staff will practice required "Social Distancing".
2. All Symptomatic patients are required to advise their BCIPS provider prior to ALL office visits of his/her health status. Please include all documents of recent doctor's visits. ALL Symptomatic patients will be seen curbside IF your provider approves based on health status and symptoms.
3. Please use hand sanitizer upon arrival. If you do not have hand sanitizer we will provide it.
4. If you're in possession of a mask, PLEASE wear it during your office or curbside visit.
5. ONLY patients are permitted in the office unless accompanied by a caregiver.
6. PLEASE SET UP YOUR PATIENT PORTAL. The amount of calls is overwhelming and we are extremely short staffed. Communication and information is much more efficient through the patient portal.

Thank you in advance for your cooperation. Be safe.  
BCIPS Management & Staff
